DE CÁNCER  
19 AL 21 DE MARZO DE 2020  
MEDELLÍN, COLOMBIA

Delvys Rodríguez Abreu, MD, PhD.

Delvys Rodriguez Abreu obtained his medical degree in 1998 at the University of Havana, Cuba. He trained in internal medicine and medical oncology at the National Institute of Oncology in Havana, Cuba. After completing the specialty Board in Oncology in 2003, he joined the Medical Oncology Division at National Institute of Oncology in Havana.

To deepen his training, he spends 2 years at the Oncology Institute of Southern Switzerland, Bellinzona, Switzerland where he obtained the European Certification in Medical Oncology, and then he spends one year as Clinical and Research Fellow in lung cancer at Catalan Institute of Oncology in Barcelona, Spain, where he obtained the Spanish Certification in Medical Oncology. After that, in 2008 he joined the Medical Oncology Service at Hospital Universitario Insular of Gran Canaria, Spain, where he is now Head of Medical Oncology Department and director of the clinical research unit. He is a member of ASCO, ESMO, IASLC and the Spanish Society for Medical Oncology. He is member of the board of director of Spanish Lung Cancer Group and the Spanish Group for Cancer Immuno-Biotherapy.

Dr Rodriguez Abreu's research interests are focused on lung cancer and melanoma. He has also been involved in the clinical development of new immunotherapy drugs, new chemotherapy agents and a variety of antiangiogenic agents. He has published several peer-reviewed articles in addition to abstracts and book chapters, including NEJM, Lancet, JCO etc
